

EXECUTIVE COACHING ENHANCING EXECUTIVE PERFORMANCE

Ignite the performance of your entire organization! Our carefully crafted one-on-one executive coaching services enhance organizational effectiveness

Realize organizational advancement.

Executives possess extensive knowledge and experience in their field of interest. Executive coaching enhances those skills and abilities to ensure organizations receive high returns on their executive investments. We craft each executive coaching engagement to accentuate strengths and develop skills in alignment with the organization's needs and objectives. Our coaches come equipped with assessment certifications and all the essential tools –360° Feedback, literature, exercises, and anecdotal aids from real experience that help executives effect change in themselves.

Build skills for maximum success.

After collaborating with both the executive and key stakeholders to establish goals, priorities, and measures of success, our executive coach works to enhance the capabilities of leaders to create a competitive advantage. Coaches work one on one with executives to:

- Enhance leadership skills
- Extend the impact of strengths
- Increase leader engagement

Progress comes quickly through a candid, risk-free environment that provides immense value to the executive.

Create commitment and longevity.

Our executive coaching approach produces a heightened sense of self and organizational dynamics to help executives better assess and handle critical interactions. Executives gain a better understanding of how to motivate their employees and build bench strength throughout the organization to increase levels of responsibility. Career Partners International also helps executives learn specific techniques for assessing and maintaining peak performance, reducing turnover, and creating greater organizational productivity.
